I am planning on collecting agent feedback on specialists again this fall, for the purposes of supplying it to chairs and unit heads to aid in their evaluation of these individuals.

The instrument used last year is attached and the possible responses are below.

KASEP is reviewing the survey and will offer recommendations and I need to show it again to chairs for recommendations.

I'm certainly open to your comments or questions or recommendations.

The survey usually goes out in September and summarized by mid-October.

Jamie:

Can you send me the questions we used, and the choice in responses for the survey of agents regarding specialists?

Thanks.
