4-H is a terrific organization for kids. You know it. We know it. But Susan down the street doesn't. And though it's hard to believe, Bobby up the street never even heard of 4-H. Why? Because they haven't caught the buzz. And that's where you come in. Can you imagine what COULD happen if one person told 2 other people who told 4 other people who told 8 other people . . . ?

Well, that's the plan and we need your help!

We NEED people of ALL ages to create a B-U-Z-Z about 4-H among friends and neighbors. It's as simple as talking about 4-H as you go about your daily activities OR as involved as planning an "event" to buzz a bunch of people. It's not hard. It's just making the effort to talk about 4-H, something you love doing anyway. Text or IM friends. Talk about 4-H while you're parked in Parent's Row at soccer practice. Wear an "Ask me about my 4-H experience" tee shirt at school or while doing errands on Saturday. The opportunities are endless.

Whether you are 9 or 90, we need your help to create a buzz in your community. Just imagine a soft buzz building toward a roaring B-U-Z-Z-Z-Z-Z-Z as more and more people talk about 4-H. Interested?
