

4-H Animal Programs

COOPERATIVE
EXTENSION
SERVICE

I am interested in participating in a 4-H animal program. If a project group is organized for your species, I understand and agree to the following

- each group must have a volunteer adult coordinator to help plan the activities with the assistance of the Cooperative Extension Office and the 4-H Program,
- at least one parent/guardian must complete Youth Protection paperwork to be involved with their child,
- the 4-H member will be the primary caregiver of the project animals,
- all animals must be cared for in appropriately and meet state vet health requirements, and
- all members must pay annual dues set by each group (minimum \$5.00).
