St. Henry Know-it-all's

The Theme for this class was Creative Thinking. We took paper plates and used our creative minds to make whatever we wanted. For example; I made a turtle. It was fun and a cute project. Then we did a little project with creativity again. We took a piece of paper and made nine dots. We tried to connect all of the dots with only 4 lines. Remember that you have to think "outside the box". This was a fun class.

Jaime Maley

St. Henry Soaring Eagles

We talked about creative thinking. We were given a Styrofoam cup and had to come up with a way to use it besides making it hold something or drinking from it. Some ideas that people came up with were; a dog, a puppet show, a mega-phone, and a bell.

Ross Pritchett

Twenhofle Leading Lizards

The Leading Lizards got together the morning of March 16th. Mrs. Thompson offered to let anyone share their speeches, that we had discussed the following meeting before hand. We then got started on a new topic, "Team Work".

We discussed the pros and cons of working together and working individually. We got together in groups of three. We got a handful of index cards and were told to build a tower without bending the cards. After a few minutes we were challenged to make the tower without talking, and then by using only one hand. At the end of the meeting we all joined back together and discussed our ideas. We ended the meeting, and everyone received a news letter. We will meet again on the 23rd of this month.

Ashley Kelly

TFMS USS Leadership

On 3/7/09 we talked about the characteristics of a leader. The activity we did was team building, to show that everyone in a team can contribute. We will have to work together and share ideas. We had to get on the floor and build towers with index cards without ripping, tearing, gluing, taping, or destroying the cards. When we started everyone had so many ideas and talking that things were getting no where. The next time we did it with no talking. It didn't get anywhere until we had to do it using our right hands only. It was really hard if someone had no communication with the other teammates.

Jamie Witherall

Ft. Wright Cha-Ching\$

We were doing a taste test. The choices are Pepsi, Coke, Fago cola, and RC. We had a sheet of paper and had to guess which was which. I only got one right. Then we took a test on advertising slogans.

Carson Hammock

Kenton Cash Kings

Today we talked about advertisement. Advertisers exaggerate and use words like free and special offer. As an example at McDonalds they give you a free toy into a meal. They just add the price of the toy into the meal. There really is no free. They use enticing words and you must be a smart consumer. Then we took a test slogans.

Calliegh Beckett

Beechgrove 23 Amigos

Today on 3/20-09, of course, we started off with the 4-H pledge. Our topic for today is First Impressions. Before we started this though, we finished the assignment where we got into groups and compared the different cultures. There was Germany, Japan, Middle East, Turkey, and Mexico. To sum up, we studied the Herman Grid. Some people saw gray dots. There were none.

Hayley Reynolds

Beechgrove M.P.K.

On 3/20/09 the MPK kids learned about first impressions and we talked about what we thought about Miss Thompson when she first came. And we had our 4-H pledge lead by sierra D. and our united pledge lead by Austin. We talked about ; Don't judge someone about their first impression and who likes what food.

Jamane

TFMS Leadership of the Rings

Today, we talked about relationship building. We had a great discussion on working with other people. After that, we did a team building activity. We got into groups and a group had to make a house of cards...How Fun! It was hard and some conflict. In the end it turned out to be chaotic and funny.

Megan Mauer

NEWS EVENTS CLUB

Howell Cherry Bombs

On 3/10/09 we went outside for most of the class, but when we came inside, the class was noisy. But other than that they did good. We did have fun.

Devin McClendon

Howell Action Squad

On 3/10/09 we went outside and did exercising activities., Like jumping jacks and jogging. We played a game inside the classroom called "Fat Chance". The funny part is that we have a classmate named Chance.

Stella Homecillo

Howell Cold Cash Money

On 3/10/09 we had a soda challenge to see if we could tell our soda's apart. The choices were Pepsi, Big K, Coke, and RC.

We also talked about advertising slogans.

??

Howell Money + Gold

On 3/10/09 we did advertising and we had fun. If you got an 11 to 15 you got \$5.00 in clover cash and if you got 0 to 9 you got \$10.00 in clover cash. We had a soda challenge. It was fun, too.

All the students had fun.

Tyler Niesen

Ryland Hathaway Healthy Eaters

On 3/13/09 the Hathaway Healthy Eaters talked about milk and what kind of milk products are healthier, like yogurt and ice cream..yogurt won! We also talked about different types of milk, like 2 percent, whole milk and fat free milk. We also talked about things that look like milk, but was not a milk product. For example: mayo and ranch dressing.

Emerson Baumgardner

Ryland Team Energizers

At the Ryland Heights Elem. Club meeting on 3/13/09, we talked about milk products. Everyone got a card with a milk or oil. They decided whether their picture was a milk or oil. Some people stood and thought they had milk. In milk we are looking for calcium and good protein and low

fats.

Hannah Maloney

Summit View Money Munchkinz

At the summit view elementary meeting of the money munchkinz on March 9,2008, we learned how many slogans we knew. The people who knew 15 or more slogans correct did not get anY4-h MONEY. The people who got 10-15 slogans correct got 2 4-H dollars. The people who got 9-0 got 5 4-H dollars.

Devon Schleyer

Woodland LSS

On 3/18/09 Our topic was team building.

We talked about how we are as leaders and if anyone agrees with what we think. Mrs. Thompson led the discussion about if we like working by our selves or working in a group and why. After our discussion we practiced our team work with an activity. The activity we did was to try to build a deck of cards without bending the cards. Half of the time we were not allowed to talk to each other. After this activity we discussed about communication with your peers.

Woodland Positive People

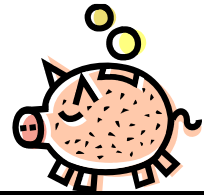

On 3/18/09 we talked about team building. We identified what good things come with working with a team and what bad things come with working with a team. We worked on how to build a tower with index cards to see who could win. No props and can't bend them.

Justin Lehkamp

Taylor Mill Cha Chings

The meeting on 3/11/09 The meeting was very important and fun. We talked about currency. We also had a worksheet to do on it. We got 4-H bucks. We will get to use them in a 4-H auction. Currency is about money or what you except for money. Thanks! Mrs. Thompson for teaching us about money.

Howell Gators of Health

At the Howell club meeting of the Gators of Health on 3-10-09, we are learning about exercising. Some exercises are jumping jacks, jumping rope, sit ups, push ups and running.

Tyler Herald

SVMS NEWS B CL C

CCS Mighty Cougars 4-H

At the Calvary Christian club meeting of the Mighty Cougars on 1/15/09 we did a fun activity. First we were divided into numerous groups. Second, we took turns blindfolding each other and leading each other around the class room. Kathryn Grisntead said "It was really fun but really scary." Georgia Shehan thought "It was fun and really liked it." After the activity we sat down to talk about what happened. A lot of kids said it was fun but scary. Some kids felt that they lost control of themselves. When we started talking about it we tied it up to be like leadership and following leaders. Mrs. Donohue said that everyone else is different so some kids are meant to be leaders and others are meant to be followers. Then we got up to do that activity one more time. This time we only blind folded one person. Little did they know that they were going to be guided wrong. We leaded this up to trusting your leader. We had a great 4-H meeting and are looking forward to the next one.

St. Cecilia 's Baker's Bunch

On 3/24/09 we learned about Radon. Radon is in your soil. You can't see radon, or smell it. Radon is the second leading cause of lung cancer. Radon could be in your house if you have any cracks or leaks in your basement.

Brittany Domaschko

SVMS Future Leaders of Tomorrow

Today on March 26, 2009, the future leaders of tomorrow met. We talked about being a leader and some characteristics of being a leader. WE are also learning about the good and the not so good things about being a leader. Good things are that we will be self motivators, but the bad thing is that if you are a leader you want control; of the group. So we did a tower building activity to test some of these skills. We had to work in a group building a tower of cards. We had to engage with each other even when we were not aloud to talk. At this meeting we learned that even though you can be a leader, sometimes you need to be a follower.

Taylor Sprague

SVMS Uptown Jags

We worked on Team Building. What we had to do is build a card tower with note cards. Our first round, we could talk to each other. But our 2nd round we could not talk or use 2 hands. Then we discussed the activity. We discussed how to make not only your group look good, but yourself also.

Jake Perriman

SVE Hands Together-February

Today, we learned about fact and opinion. Also we had to judge people not by how they look. Judge them by the way they are. Also we did a play about fact and opinion.

Jo Hawkins

SVE Hands Together-March

Today, we are learning about first impressions. At first we talked about culture, food, clothing, skin, hair, eye color, music, traditions, manners, talk, fun. Education, belief and life. We talked about when we first met Mrs. Thompson and what we thought about Mrs. Thompson.

Jo Hawkins

SVE Culture

Today we will be learning about first impressions. First impression is kind if like the things you are different from those people. For example, if you see a person that looks different from you can't judge them right off the bat. You might think he is mean but he could be really nice. Or if you see a guy that is wearing black, you probably think he's mean, but probably is not mean .

Vice-President

Twenhofle Wonderbreds

Because of all the snow days in the past two months, we were not able to meet until last week. We had our first meeting this year on March 16th and then our second on March 23rd. We had two meetings in a row to make up for the snow days. At both of the meetings, we did a few leadership exercises to keep the characteristics of a leader in mind. One of the exercises we did was with a Styrofoam cup. Each person received a cup and had to make it into something other than a cup. We had to do it individually and without talking. Everyone shared and they all turned out great. It was a good skill builder for us. Lastly, we shared just 3 speeches that each received a blue ribbon.

Those top scorers are: Taylor Zumwalt, Amanda Snelling, and Caitlin Turner. Overall, both meetings were great.

Laura Allen

NEWS NEWS NEWS NEWS

Guardian Angels World Wide Culture Club (WWCC)

Today at the meeting of the WWCC, we did origami. Origami comes from the Asian countries, mostly Japan. Hope you enjoy this article!
See you next time.
Brittany Muse

CCS Christian Clovers

On Friday we learned about meats and beans. Our class made posters and we did activities. We had a lot of fun. We learned how to eat healthy and choose the best foods for our bodies. Mrs. Donahue knows a lot about food.
Hannah Combs

Summit View Kool Kulture Stallions

Mrs. Rice told us that we are going to learn about First Impressions today. Like for an example, if we were in a school where everyone was one color, and we were the only one of another color, how would you feel? If you had a new classmate and he/she are from a different culture, but he/she is not talking to anyone and you start to talk to them and you started to know them better.

Kool Kulture Stallions ROCK!
Chzarlymaen Corpuz

SVE Miss Whaley's Team Culture

On the date of 3-26-09, we started with the pledge. Then we started the meeting and everyone joined in too. So we got down to business. We had a lot of fun, and our 4-H teacher is the best!
Taylor Vickers

Summit View Creative Culture Creatures

We learned about first impressions and we looked at the Herman Grid. We saw gray dots plus they are all connected. Some people didn't see the dots, but that's okay!

Did you know that the gray dots weren't real? "People should never judge people", my class agreed, "and slavery should have never gone on".

WE HAD A GREAT TIME!!!!

Mackenzie Bard

NEWS CLUB

Caywood Hurricane Madness

Hello. Today we are going to learn about Radon. We are also going to talk about the weather symbols. If we get some symbols right we will get candy because they are a part of this lesson. We are really talking about lung cancer. That is a big thing today.

This is really good to talk about.

Sorry I have to go. Have a nice day.

Khloe Fletcher,
Vice-President

Caywood Temperature Team

In 4-H club we learned about Radon then we talked about the poster contest. Then we passed out ribbons for our speeches. Also we did our weather tools. Now we are making our posters for 4-H club.

Samantha Yake,
Vice-President

St. Cecilia St. C Cyclones

Today we talked about Radon. Radon is the second highest way to get lung cancer. Radon also is invisible, odorless and tasteless. So the only way to stop it is to patch all the cracks in your basement. Then we found out we get to compete in an art contest for Radon. There is a winner from each school and an all over winner. Everyone is ready to start on their poster.

Kate Dreas,
Vice-President

St. Cecilia Teamworkers

We learned to build relationships. If you don't know or like another person, things won't work out. So we grouped together and built a house—out of cards! We competed to see who had the tallest house and the strongest house. Hardly any fell. Then, for a challenge, we worked silently. We learned that the base of a house is important, just like the base of a friendship!

Sydney Robke,
Vice-President

Lindeman Storm Troopers

We learned about Radon which is a gas that is in the ground everywhere. We also got candy for a flash card game. Mrs. Rice also told us about a poster contest. It was fun. See ya next time!

Simon Wick,
Vice-President

Lindeman Golden Eagles

Today at our club meeting we learned about advertising on television. We took a test. It told you if you watch too much television.

If you got 15 or up, you watch too much. 10-15: advertisers love you. If you got 10 or under, they didn't have much of an impact on you. I got a 10. We also had a test and it was about soda. So we got to do a taste test with Coke, Pepsi, RC, and Big K. We had a paper to write down what we thought was in the cup. It was hard to figure out which was which, but everyone had fun. At the end of the lesson we bought candy and traded in our advertisement test for Clover Cash.

Bhrett Donaldson,
Vice-President

Lindeman Lightning Boltz

At the A.J. Lindeman Lightning Boltz club we learned about Radon and Radon is air that is bad and it comes from out from under the ground and it is very, very bad.

Roberto Amazendes,
Vice-President

NEWS CLUB

Holy Cross Ca\$h Crew

We had a test to do and then we had a taste test. We then had an auction. Well, that's all.

Julian Stanfield,
Vice-President

Holy Cross Healthy Indians

On March 12, 2009, the Healthy Indians talked about fruits and vegetables! We talked first about Vitamins A and C. I got a banana, which both were in. After that we talked about how much fruits and vegetables you should have, and how to spread it out. When you fix your plate, it should be colorful! One serving is the size of your fist! Then we did an exercise and last had a healthy snack.

Courtney Turner,
Vice-President

Holy Cross Mini-Me Tribe

Today we learned how to work together to build a tower of cards. We broke down into groups and the first time we could talk, but the second time we couldn't. In the end we learned that teamwork is key when putting forth ideas and building a house of cards.

Emily Armbrecht,
Vice-President

Holy Cross Big Scary Guys In Suits

Today in 4-H, we read off of these little cards about people in different situations. After people read them to people in their groups and then stated their opinions. Each opinion was different, which is good. It's telling you how different people will handle that certain situation.

Kyle Tuttle-Wheeler,
Vice-President

Holy Cross Chiefs

Today at the club meeting of the H.C. Chiefs, we learned about creative thinking. Our instructor

(Mrs. Rice) passed out cups. She said that leaders have to think outside of the box sometimes, so we had to draw on the cups and do anything to it. Many people had creative designs, others were very funny. We finished up by having a quick lesson about improvising when you can't get what you want.

Alexander Hassett,
Vice-President

St. Henry Crazy Chaotic Culture Club (4 C's)

Today Mrs. Rice told us that our topic was First Impressions. She gave us a grid that we had to stare at. She asked us if we saw gray dots in the grid. She asked us what we remember about the first time we met her. We always have fun with Mrs. Rice. We always have fun with her and the subject we have to talk about that day.

Andrew Bier,
Vice-President

St. Henry Mrs. Montgomery's Meteorologists

We learned about Radon. We are going to make a poster about Radon. We also got a mood magnet. It is cool!!

I had a great lesson.

P.S. We played this game and got CANDY!

Emily Munzer,
Vice-President

St. Henry Kickin' Kulture Cru

Today we learned about First Impressions. Mrs. Rice told us that first impressions aren't always right, that we have to get to know that person or thing.

McKenzie Behler,
Vice-President
