

## **Kenton County Extension On-line Class Registration**

We are excited to offer on line class registration for Kenton County. Our staff believes this will provide an easy- to-use service. By clicking on the two links below, you can register yourself at any time of the day or night!

Please find below two website links. The first takes you to the “Participant Profile” page where you can either sign in with your user ID and password or self-register to create a user ID and password. All individuals registering with us for the first time will need to create a participant profile. You will only need to do this once – after that you can simply click on the second link. The second link takes you to the “Classes” page where you can search for and view details on classes that are available and self-register for those classes. You will then receive correspondence from our office through the e-mail.

Please be assured that all of your registration information will be kept safely in our system and will not be used for any other purpose. In addition, if you have a friend or relative that is not able to register for our classes through the web, remind them that they are welcome to call our office at 356-3155 and one of our support staff members will help them through this process over the telephone. They will then receive correspondence from our office through the US mail.
