A. 4-H Citizenship/ Community Service

List citizenship/community service experiences this year. Include activities that contribute to the welfare of your club or group members, other individuals, or community. Indicate the size and scope of what you did.

Citizenship can be defined as acting as an individual or within a group with informed concern for self and others. Helping and assisting are important. You can provide some leadership, but it is not required.

Community service is what you do as an individual or within a group to help your community. Helping your family is not community service. List only the information called for under each heading. Your Involvement asks for a specific designation: Y- performed yourself; G- gave primary leadership to a group; M - was a member of a group. Be specific as to what you did.

Example: **1998 - Roadside Cleanup, picked 16 bags trash - 2 miles M**

1998 - Plant flowers at Sr. Citizens planted 110 plants Y
