

# *Barn Quilt Trail Of Ohio County, Kentucky*

## About Us

Local stained glass artisan and Extension Homemaker, Linda House, and Darrell Jackson, an Ohio County Farmer, along with Judy Burns, Family and Consumer Sciences Agent, are the main painters of the signs located throughout Ohio County. They have been assisted at various times by other homemakers and sometimes by the quilt owners themselves. Prior to painting, Chaunta Himes, Extension Secretary, works with the graphing and layout of the blocks once the pattern is selected by the sign owner.

This project has also been assisted by a number of others who have given of their time and talents. Ohio County Homemakers and local doll maker, Liz Davis, assisted with the school project. The Ohio County Board of Education, Warren Rural Electric Cooperative, the Ohio County Road Department and local farmers have assisted with a number of quilt hangings. The Green River Area Development District RC&D and the KY Arts Council assisted with a grant and sponsorship. Charlie Shields, 911 Addressing and Jason Chinn, Property Valuation Administrator assisted with mapping.
