

# Woodford County Annual Farm Tour “Years of Tradition”

Since it's beginning in 1966 the Annual Farm Tour has drawn people from near and far. Hundreds have gathered to share in the education and fellowship that this event beholds. Townspeople take the day to experience the agriculture of our county and many a child has experienced their first day on a farm.

Throughout the years dozens of friends and farmers, have opened their businesses, farms and homes for tour stops. From crops to conservation, livestock to feedlot, traditional to futuristic the annual farm tour has provided it all.

Please join us in celebration of a day that truly brings farm and city together.
